My Wrath Is Against My Disobedient People, My Son!

"My son, I Am against them. My heart is viciously angry at all the workers of iniquity. You may be among them, My son. Why won't they do My will? I Am angry at My people, but they don't know it yet. They think that they can go on continually without doing My will for their life. Many don't know what My will for their life is, and even fewer do it. I called them to go into all the world, yet why aren't they doing it? My wrath is expended on My wicked people, yet they think I Am only a good God, never getting around to punishing their wickedness of their continual disobedience, My son. I say 'go into all the world,' and what does that mean to them? To work occupations in the world that are devoid of Me? They do them for the money, yet never get around to doing My will with what they have, My son. I call all to give away all they own to go out and do My will, yet they never accomplish that: their life is spent on self, not on doing My will. My wrath is expended on My wicked people, yet they know it not. Few are doing My will, My son. They let it go by while millions are perishing around the world out of My will. Give up the world they will not do, but are continually acquiring more. My people can not believe that I Am A God of Wrath against them, only of love and joy and peace. That is why they do not go because they do not know My terror against them, nor tremble in fear at My terrifying word against them. That they will not do because there is no impetus to do it, but are mired in the things and occupations of the world, My son. My will gets undone while millions go to Hell– My Gospel is not preached to them by My wicked, disobedient people who think it is OK to not do My will ever, My son. So far back they have pushed Me on the back burner on their lives that they think not that My wrath is coming suddenly on their lives with world destruction. You see the world leaders posing for pictures over there in Egypt, yet all is peace and safety to them, knowing not that sudden destruction is coming, the destruction of the world economy of sin and greed, My son. All is coming to an end, yet where is the impetus to preach My Gospel? Few will do my will, many there are of those who will enter My Lake of Fire forever for refusing to do My will for their lives, My son. Many think all is OK with Me in their lives while refusing to do My will for their lives. These shall enter My Lake of Fire forever, My son. They know not My wrath, nor will do My will for their lives. All is spoken by Me, your LORD, amen and amen forever!"
